

We need your immediate help!

Night Ministry has 55 years of experience providing spiritual care and human connection over the phone at night. In the midst of Coronavirus and "sheltering in place," isolation and hopelessness are rising. People need care over the phone, at night, now more than ever.

We are expanding our Care Line in this time of great need.

Our goal is to raise \$150,000 in the next two weeks.

This initial round of funds will allow us to upgrade our communication platform, recruit and train volunteers, advertise the Care Line widely, and pay for redeployment of ministry staff.

[DONATE NOW](#)

We are also seeking volunteer Care Line Counselors. Volunteers will work at home in shifts answering calls under the supervision of experienced ministers and staff. We will train you!

Contact us: volunteer@sfnightministry.org

Consider watching and sharing this flyer and/or our promotional video via email or on social media. With funding, we hope to expand our hours to 8PM – 4AM. Currently our hours are 10PM – 4AM.
